Arroyo Project No. 16119-4000

CITY OF CALABASAS-DEPARTMENT OF COMMUNITTY DEVELOPMENT
ENGINEERING GEOLOGY AND GEOTECHNICAL ENGINEERING REVIEW

Submitted to: Mr. Joe Bellomo

Project Location: 4803 El Canon Avenue
Calabasas, California

Geotechnical Report: Response to Engineering Geology and Geotechnical Engineering Review II by the City of Calabasas Department of Community Development, Proposed Affordable Housing Development, 4803 El Canon Avenue, Calabasas, California, Prepared by Geotechnologies, Inc., Dated October 22, 2007. File No. 19166

Response to Engineering Geology and Geotechnical Engineering Review by the City of Calabasas Department of Community Development, Proposed Affordable Housing Development, 4803 El Canon Avenue, Calabasas, California, Prepared by Geotechnologies, Inc., Dated August 24, 2007. File No. 19166

Geotechnical Engineering Investigation, Proposed Affordable Housing Development, 4803 El Canon Avenue, Calabasas, California, Prepared by Geotechnologies, Inc., Dated October 4, 2006. File No. 19166.

Received by Arroyo: October 23, 2007

COMMENTS

The above reports are approved from a Geotechnical Viewpoint subject to the following conditions:

1) The grading plan should reference the approved soils reports and indicate that all grading shall be performed as recommended by the approved report.
2) The Geotechnical Consultant should review the grading and foundation plans and verify compliance of these documents with their recommendations by signing and stamping.

This review was performed in accordance with generally accepted professional geotechnical engineering principles and practice in Southern California at this time. We make no other warranty, either express or implied. Conclusions presented herein are based on review of work by others. No field exploration or laboratory testing was performed. Please contact us if you have questions or need additional services.

Respectfully Submitted
