RE: Core Development Services ("CORE") as representative for Verizon Wireless

To Whom It May Concern:

Core Development Services ("CORE") and its employees are authorized representatives of Verizon Wireless and have been contracted to perform cellular site development (i.e. real estate leasing, land use entitlements, materials procurement, architectural engineering, equipment installation, design, and construction, etc.) on behalf of Verizon Wireless, in connection with their telecommunications facility.

As an authorized representative of Verizon Wireless, CORE may submit/order (i.e. land use applications and permits, utilities, real estate leasing, etc.) on behalf of Verizon Wireless.
