Final Report of Special Inspections

Special Inspector

VR Form 11

This form shall be submitted when all the special inspection requirements for a project have been fulfilled. Each special inspector who has performed a special inspection identified within the Schedule of Special Inspection Services is required to complete this form related to their scope of work and submit a copy to the design license professional in responsible charge and the participating jurisdiction. The special inspection program will not be considered complete until all forms from all agents have been approved by the design license professional in responsible charge. Final documents from the design license professional in responsible charge must be approved by the participating jurisdiction.
