

CITY *of* CALABASAS

MEASURE R LAS VIRGENES ROAD SCENIC CORRIDOR COMPLETION PROJECT

NOTICE OF ROAD WORK/CONSTRUCTION

This summer, the City of Calabasas, Public Works Department will start construction within the **Las Virgenes Road Corridor**. The project limits are from Agoura Road to Lost Hills Road. The Contractor will distribute a public notice to the residents one week before construction begins.

Upon completion of the project, there will be two travel lanes in both directions, bike lanes and pedestrian sidewalks within the project limits. The project also involves the placement of two new Traffic Signals, Landscaped Medians and a new crosswalk to an existing signalized intersection to provide safe crossing for residents to access A.E. Wright School, the Las Virgenes Dog Park and other destinations.

The project is scheduled to start in **July 2015** and take approximately **12 months** for completion. During the construction phases, there will be construction equipment and trucks in the area. Please advise children to be careful and avoid the equipment and work-site area. Additionally, be cautious when driving through the project area. Temporary lane closures will occur during certain project phases, but road access will be available. Your cooperation and patience are requested during the construction period and will be rewarded by a safer, wider and beautified roadway.

THANK YOU FOR YOUR COOPERATION. IF THERE ARE ANY QUESTIONS OR COMMENTS, PLEASE DIRECT THEM TO ME.

Sincerely,

Tatiana L. Holden
Senior Engineer
Public Works Department
