Re: Collocation Statement
T-Mobile SV00797A – 4591½ Park Granada, Calabasas, CA 91302

To Whom It May Concern:

This letter is to show T-Mobile's willingness to allow other wireless carriers to collocate on our existing wireless telecommunications facility, when it is technically and economically feasible, and would not harm community compatibility or interfere with adjacent uses.

Sincerely,

A handwritten signature in black ink that reads "Leslie Smith".

Leslie Smith
