

Wireless Facilities

CITY *of* CALABASAS

Review of cell phone coverage
throughout Calabasas.

Overview of Wireless Facilities.

- Wireless facilities are regulated by Federal, State and Local Government
- Two types of facilities:
 - Located within the public right-of-way (Microcell Facility)
 - Located on private property (Macrocell Facility)

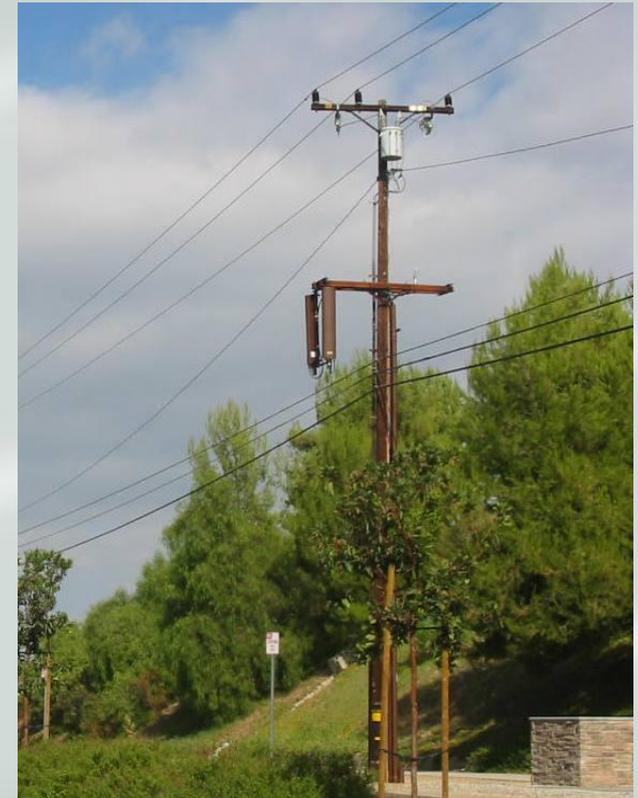

Public Right-of-Way

- Microcell Facilities
- Zoning Clearance
- Encroachment Permit
- California Public Utilities Code 7901:
Grants telephone companies the right to install facilities in any public right-of-way.
- City Council Resolution 98-527
