Malibu Hills Road Green Street Project Ribbon-Cutting March 13

The City of Calabasas will hold a ribbon-cutting ceremony for the Malibu Hills Road Green Street Project on Friday March 13 at 10:00 a.m. on Malibu Hills Road between Lost Hills Road and Agoura Road in Calabasas. Calabasas Mayor Alicia Weintraub, City Council members, and City of Calabasas staff will be in attendance and the public is invited.

Features of the Malibu Hills Road Green Street Project include enhanced street drainage, improved water quality by filtering flows through bio-filtration soil media, visually appealing landscaping, a new median that improves traffic and pedestrian safety by reducing vehicular speed, and new native trees and shrubs that will enhance air quality. The additional landscaping will be irrigated by run-off and surface water that will be diverted into the median.

The project was financed under the Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006, administered by State of California, Department of Water Resources.
