

Calabasas Library Summer Reading Program 2020

Doodle Party!

- Learn to create and decorate your pages with various shapes and designs!

Why Doodle?

- For fun, relaxation, and creativity!

Gather Your Supplies

- You'll need a **pen or pencil** for drawing, **crayon or marker** for coloring, and **several sheets of blank paper**.

Let's Doodle!

- Start by doodling circles of different sizes.
- Next, create some squares of different sizes.
- Overlap more circles and squares.
- Make and repeat several types of lines: zigzag (like grass!), wavy (like a wave!), and dashed (a line with small gaps).
- Doodle some of your lines small, so that they fit inside of some of the shapes.
- Make some of your lines larger, so they create a border around some of the shapes.
- Color in some of your shapes and lines.
- Color around your shapes and lines!

What Did You Discover?

- What kinds of shapes or designs did you create? Are there some that you like more than others?

Share It!

- Use the **#CalabasasLibSRP20** hashtag to tag and share your art on social media!
