The California Institute of Technology, a prestigious STEM-focused institution, announced that it will be enacting a two-year moratorium on the use of the ACT and SAT <u>standardized tests</u> for purposes of admission. The school's stated reason: "the global COVID-19 pandemic and its continuing impact on access to these exams for students across the country and globe." The director of undergraduate admissions, however, added: "Caltech is committed to access and equity. These changes were made in recognition of our responsibility as an institution to amplify those values by ensuring that our programs are accessible to all institution to amplify those values by ensuring that our programs are accessible to all institution to amplify those values by ensuring that our programs are accessible to all instituted and intersteld applicants." Applicants to Califorch will now the		More Like This UMass makes standardized tests optional for prospective first-year students. UWIRE Text, Aug. 25, 2020. Colleges should rethink using standardized test scores for admissions, major counselors' group says The Washington Post, Aug. 19, 2020.
