HOW IT WORKS:

JOL is the ultimate member convenience solution aimed directly at improving your bottom line.

Once a prospect (now member) completes the online purchase of his/her membership, their member profile, agreement type and billing information is automatically updated on your Complete database.

As with all of our connected services, each and every credit-card transaction is processed in real-time, **increasing your membership sales while reducing your labor costs.**

With JOL, you can shorten the long lines at the front-desk and enable your staff to get out from behind the counter and contribute to the rest of your club's needs.

24/7/365 ON-DEMAND MEMBERSHIP ENROLLEMENT

Join Online (JOL) allows a prospect to sign up and pay for an agreement without ever having to step foot in your club.

Through JOL, your club can build a customized online sales experience for your prospects. It allows you to jump-start the onboarding process by facilitating the initial membership sales transaction and storing the prospect's billing and contact information

In today's digital environment, this is the perfect solution for the modern-day member, a way for them to connect, enroll and hit the ground running in their fitness journey.

JOL HIGHLIGHTS:

- ◆ MOBILE-RESPONSIVE
- ◆ REAL-TIME CREDIT CARD PROCESSING
- ◆ IOS, ANDROID & WINDOWS COMPATIBLE
- ◆ BRANDED & CUSTOMIZABLE
- ◆ ON-DEMAND MEMBERSHIP SALES
- ◆ REAL-TIME DATABASE UPDATES
