PERMIT NUMBER: BS _____

This signed affidavit shall be submitted to the Building and Safety Division
prior to the final inspection sign off
(MUST BE SIGNED IN THE PRESENCE OF BUILDING AND SAFETY STAFF)

PLEASE PRINT

Project Address: _____

Number of smoke alarms installed: _____

Number of carbon monoxide alarms installed: _____

Number of combination smoke and carbon monoxide alarms: _____

The State of California requires smoke and carbon monoxide alarms to be installed in all residential buildings. Smoke and carbon monoxide alarms are permitted to be battery operated when hardwiring is not available. Fully battery-powered alarms shall not replace existing hardwired alarms. Smoke, carbon monoxide or combination alarms (carbon monoxide and smoke alarms) must be approved and listed by the State Fire Marshal. For an approved list of alarms, go to www.osfm.fire.ca.gov. The devices must be installed per the manufacturer's instructions.

As of January 1, 2014, all new and replacement battery-operated smoke alarms must be equipped with a non-replaceable, non-removable battery capable of powering the alarm for 10 years. All existing smoke alarms shall be replaced after 10 years from the date of manufacture or if the date of manufacture cannot be determined.

By signing this document, the property owner certifies to the City of Calabasas that both smoke alarms and carbon monoxide alarms have been installed on the above-referenced project as specified within this document and in compliance with Section R314 and R315 of the 2022 California Residential Code (CRC), Section 907 and 420 of the 2022 California Building Code (CBC) and California Health and Safety Code Section 13113.7:

ALARM LOCATION REQUIREMENTS

Smoke Alarms shall be installed:

- a. In each room used for sleeping purposes (all bedrooms or rooms containing closets)
- b. In each hallway outside of the sleeping room(s)
- c. A minimum of one required alarm on each level of the dwelling, including basements and habitable attics

Carbon monoxide alarms shall be installed in dwelling or sleeping units containing fuel burning appliances, fireplaces or having attached garages:

- a. Outside of each sleeping room in the immediate vicinity of the bedroom(s)
- b. On each level of the dwelling, including basements
- c. In each bedroom with a fuel burning appliance

I declare under penalty of perjury that the foregoing is true and correct, and that this declaration was executed on (Date) _____ at Calabasas, California.

Property Owner's Name (printed/typed): _____

Signature of Property Owner: _____
