

Correction to 3/10/21 New Business, Item 4, Staff report. Council presentation – Slide 2 bullet 1 states the request made by DAR related to a plaque describing DAR history and achievements. Below is the plaque I inquired about. The “presented by” line would be different but the plaque itself is to honor Revolutionary War Patriots not the DAR.

Though this is not at the actual request stage and I realize the agenda item is only identifying the City criteria for dealing with such requests, I just want to make sure you knew what we were inquiring about.

Thank you
