Associate Planner Rackerby provided the Panel with an overview of the project and site. The Panel noted it supports the proposed sign program design, and supports the proposed 25-foot tall monument sign because it is consistent with approved signage for the other auto dealerships. Furthermore, the Panel noted that the size of the proposed monument sign is proportional to the on-site building.

Panelist Murgdechian made a motion to recommend approval of the sign program to the Planning Commission, with a second by panel member Shepphird. Motion carried 4-0.

Vice Chair Stockton adjourned the meeting at 4:21 P.M. to the Regular Meeting of the Architectural Review Panel on October 22, 2021, at 2:30 P.M.
