Dear Manny and Members of the Calabasas Rotary Club,

I want to express my deepest gratitude in accepting the funds awarded to me to me by you to help me get my life back on track. It truly saved me from losing everything! Being laid off, and not being able to find another office job was very devastating. But with your donation, I was able to pay rent, and payback the money I borrowed for last month's rent, and get caught up on bills, which I have included the receipts showing so. My becoming an independent contractor is working, and I now have 4 days worth of work per week, and intend to find 2 more days worth so that I may be totally self sufficient once again, and become one less person needing unemployment benefits. I love living here, and raising my son in a clean, safe environment where he can go to a good school. I hope to continue being a productive citizen of Calabasas for years to come, and actively look for volunteer opportunities that I can fit in my schedule. Thank you so very much in helping me maintain our life here ☺

Sincerely,

Dearest Manny and members of The Rotary Club committee,

I would like to thank you from the bottom of my heart for the generous grant you awarded me at this very difficult time in my life. I am very grateful for your support and kindness. I meant to write to earlier, but I am going through radiation right now, which causing me to be very week and not very focus.

Being able to not worry about paying my basic bills while I am unable to work during my therapy has made it so much easier for me to focus on getting healthy. I'm looking forward to soon being able to be back to work, and being able to support myself fully.

I could not have made it through without the help of this wonderful program!

Thank you again,
Sincerely,
