

4/15/2022

To the Calabasas Planning Commission,

The Veterinary Eye Clinic is a veterinary specialty hospital that provides outpatient medical and surgical ophthalmic care to dogs and cats. About 40% of our services are surgical and 60% outpatient medical exams. We do not board, groom or keep patients overnight. In addition, we do not provide general practice services such as vaccination or spay/neuter surgeries. Our office hours are from 8:30 am to 4:00 pm Monday through Friday and 8:30 am to 3:00 pm on Saturdays. We are a referral based practice and do not accept walk in patients. Lastly, we have strong rapport with all the local Calabasas veterinarians. Please let me know if you have any additional questions.

Sincerely,

A handwritten signature in black ink, consisting of several overlapping loops and a long horizontal stroke extending to the right.
