The Hopes and Heartaches of Vincen...	Location TBD	50/up	TBD	Open

In his short yet brilliant career of 10 years, Vincent van Gogh created hundreds of works of art and posthumously and mainstays of modern art. Through the correspondence with his younger brother, art dealer Theo van Gogh, most of what is known of Vincent's thoughts of inspiration are recorded in the hundreds of letters they exchanged. As we view his work through the lens of his correspondence with his brother, we discover focused studies on the South of France, and ultimately his tragic final period.
