

CITY of CALABASAS

CITY COUNCIL AGENDA REPORT

DATE: SEPTEMBER 19, 2022

TO: HONORABLE MAYOR AND COUNCILMEMBERS

**FROM: ROBERT YALDA, P.E., T.E., PUBLIC WORKS DIRECTOR/CITY ENGINEER
TATIANA HOLDEN, P.E., DEPUTY PUBLIC WORKS DIRECTOR**

**SUBJECT: ADOPTION OF RESOLUTION NO. 2022-1816 TO APPROVE THE
AGREEMENT FOR SHARING COST OF STATE HIGHWAY ELECTRICAL
FACILITIES BETWEEN THE CITY OF CALABASAS AND STATE OF
CALIFORNIA DEPARTMENT OF TRANSPORTATION**

MEETING DATE: SEPTEMBER 28, 2022

SUMMARY RECOMMENDATION:

Staff recommends that City Council adopt Resolution No. 2022-1816 to approve an agreement for sharing cost of state highway electrical facilities between the City of Calabasas and State of California Department of Transportation.

BACKGROUND:

The City of Calabasas has had an agreement with the State of California Department of Transportation to share the cost of maintaining all electrical facilities at the intersections with any state highway route since January 6th, 1993. The current agreement does not include the new added intersections at Lost Hills/ 101 Hwy Southbound & Calabasas Road/101 Fwy Southbound.

DISCUSSION/ANALYSIS:

The new agreement is similar to the previous agreement where the City of Calabasas is sharing the costs with the state of California through the Department of

Transportation of the operating and maintenance of all electrical facilities at the intersections with any state highway route within the City of Calabasas. These facilities include the flashing beacons, traffic-signals, and traffic-signal systems, safety-lighting and sign-lighting. The agreement would include two additional locations that were not included in the existing agreement. The share cost distribution would be as follows:

| No. | Route | Post Mile | Location Description | Type of Facility | Type Code | Units | % Cost Distribution | |
|-----|-------|-----------|-------------------------------|---|-------------|------------|---------------------|------|
| | | | | | | | State | City |
| 1* | 101 | 28.576 | SB, 101 frwy at Calabasas Rd. | Signal E1406 6-187 W(LED) 4-132 (snb) | P E G | 3.0 8.0 | 50% | 25% |
| 2* | 101 | 31.184 | WB, 101 frwy at Las Virgenes | Signal E0460 4-87 W (led) | P E | 0.8 | 50% | 25% |
| 3 | 101 | 31.21 | EB, 101 Frwy Las Virgenes | Signal E0461 5-87 W (led) | P E | 1.0 | 50% | 50% |
| 4 | 101 | 31.93 | SB, 101 at Lost Hills | Signal E1468 5-189 W (led) 3-132 w(snb) | P E G | 2.5 6.0 | 50% | 50% |

*Shared with the County of Los Angeles (25%)

FISCAL IMPACT/SOURCE OF FUNDING:

Costs of electrically operated traffic control devices shared with Caltrans will be paid from the City’s Annual Traffic Signal Maintenance budget.

REQUESTED ACTION:

Staff recommends that City Council adopt Resolution No. 2022-1816 to approve an agreement for sharing cost of state highway electrical facilities between the City of Calabasas and State of California Department of Transportation.
