Senior Planner Klein provided the Panel with an overview of the project and site. The architect, Katlyn Levchak provided the Panel with an overview of the proposed design. The landscape architect, Tyler Gold, and auto dealership owner, Jay Mckeen, provided additional information. The Panel asked questions of staff and the applicant. The Panel discussed new landscaping, proportions and building materials. The Panel suggested that the glazing along the front elevation extend in front of the existing columns to screen them from the outside. The panel also requested that the architect consider adding to the front elevation to articulate the entrance. Finally, the panel requested that all renderings are updated to include the proposed landscaping.

Acting Chair Shepphird made a motion to continue the item to the next ARP meeting, allowing the architect time to explore the above mentioned suggestions. Motion carried 3-0.

3. **File No. SPR-2021-021, SCP-2021-004, LLA-2021-004, OTP-2021-004:**

Request for a Site Plan Review, Scenic Corridor Permit, Lot Line Adjustment, and Oak Tree Permit to construct a 1,391 sq-ft single family dwelling with attached 2-car garage located at 3330 Old Topanga Canyon Road (APN: 2080-017-004,- 005 & -026) within the Rural Community (CR) zoning district, Old Topanga (-OT) overlay zone and Scenic Corridor (-SC) overlay zone.

The neighbor to the south, Andy Shrader, provided comments to the Panel. Associate Planner Rackerby provided the Panel with an overview of the project and site. The architects, Bill Beuter and Matt Kingstreet, discussed their design inspiration with the Panel members. The panel appreciated the architect's efforts to preserve oak trees and choose colors and materials that blend in with the surrounding environment. The Panel especially liked the rust colors along the rear elevation and suggested that those elements be included on the front elevation in order to soften the building from the street. The panel also suggested that the architect review the location and design of the stairs to

ensure minimal impact to the heritage oak tree along Old Topanga Canyon Drive.

Acting Chair Shepphird made a motion to recommend approval of the project to the Planning Commission with the above mentioned suggestions, with a second by panel member Mugerdechian. Motion carried 3-0.

4. **File No. SPR-2021-022:** A request for a Site Plan Review to add 1,077 square feet to an existing 2,696 square-foot two-story single-family residence located at 3821 Eddingham, in the Residential Single-Family (RS) zoning district.

Senior Planner Klein provided the Panel with an overview of the project and site. The Panel asked questions of staff and the architect, Rick Moraga. The panel noted that they are not concerned about the second floor addition because the adjacent house is up slope. The panel stated that some of the architectural elements on the front elevation (eaves, rafters, columns and windows) should be increased in size to match the scale of the house.

Panel member Kulkarni made a motion to recommend approval of the project to the Planning Commission with the above mentioned suggestions, with a second by panel member Mugerdechian. Motion carried 3-0.

5. **File No. SPR-2021-026:** A request for a Site Plan Review to add 507 square feet to an existing 2,408 square-foot two-story legal non-conforming single-family residence located at 3906 Bon Homme, in the Residential Single-Family (RS) zoning district.
