Good morning,

I live across the street from the above address.

For years the property was neglected and in disrepair. I know that many of my neighbors complained about it to me and to the City.

Fortunately for us, a nice family bought the place and are trying to renovate it.

I do not have any objections for them to continue the work on the property.

On the contrary, I encourage it.

I think bringing new families into our Saratoga Hills is very important.

These are young families with kids that are the future of our community and City.

Thank you for taking the time to read my email.

Have a great day,

Avishay Erlich

Hi Jessica,
My name is Zahi Cohen and my wife is Hagit Cohen. We live in 26920 Calamine dr in calabasas.

We are supporting the continuous construction and remodel of 5222 Dantes View dr. We know this house from walking around in the neighborhood and we already noticed improvements to the house which looks quite nice, any additional improvements to this house will be more than welcome.

We are supportive of remodeling of this house and other houses in the neighborhood as it makes the neighborhood nicer and it makes a better feeling when passing by.

Best regards,
Zahi and Giti
