Josh,

We extended your contract last year for one year based on keeping the pricing the same. With increased pricing we will need to go out to bid through an RFP process. Since that will take some time, we would like to extend the existing contract for 6 months. The provisions and pricing will be same as the existing contract.

Is that acceptable?

Thanks,

Good morning Tom,

Please see the attached contract extension request with CPI increase for the next fiscal year. Since our contract is set to expire in the end of December, we just wanted to make sure we got this to you in advance.
