Subject: Commons Lane Proposal

To the Calabasas Planning Commission:

I appreciate your thorough review of the plan to improve the Commons at Calabasas, and I would urge you to give it a positive vote at your next meeting. This will be a great improvement of the Commons for the next 25 years, or even more, and delivers on the priorities and goals that Calabasas residents have shared with this company directly.

The Caruso company operates some of the most respected commercial destinations anywhere in America. I consider us fortunate that they wish to invest so much in the way of time, resources and expertise to update the Commons from its original 1990s design and make it flourish for the future. We are more than ready for the many benefits that an updated Commons will bring.

Please vote "yes!"

Yours truly,

Noah Harari

Life-long Calabasas resident.

Glenn Michitsch

Calabasas Planning Commission
City Hall
100 Civic Center Way
Calabasas, CA 91302

Dear Calabasas Planning Commissioners,

As a proud Calabasas resident, I was extremely pleased to hear you request the drafting of a motion for approval of the Commons Lane plan at your recent

hearing. Caruso has a well-deserved reputation for high-quality work of the highest standard. It's clear they have put enormous effort and care into their plan for The Commons, following many months of community input, and that's why it has won such strong support from residents like me.

I hope you will vote to approve this proposal at your earliest opportunity. I also wish to thank you for your service to our City.

**Sincerely,
Amanda Weiss**
