PLEASE GIVE A BRIEF STATEMENT AS TO WHY YOU ARE INTERESTED IN SERVING ON THIS COMMISSION OR BOARD: I have been a resident of the City of Calabasas for 14 years. I am a graduate of the Chaparral Elementary School and AC Stelle Middle School. Over the years, I have had the opportunity to volunteer with various non-profit organizations such as Topanga Trash Warriors, California Wildlife Center, and Clean Water for Sudan. I am currently a sophomore at Calabasas High School. The reason I am interested in being on the Environmental Commission is because the health of our environment directly impacts us. It is important to engage the youth and young adult residents to begin taking steps to safeguard the natural environment that surrounds us. And that decisions and policies reflect the needs and the hopes of the next generation. The City of Calabasas was the first of the cities to be smoke-free, eliminate the use of plastic bags, and plastic utensils, and food containers. I hope to continue to help preserve our environment and discuss real-world issues alongside the city officials and staff team who play a vital role in our community

PLEASE GIVE A BRIEF STATEMENT AS TO WHY YOU ARE INTERESTED IN SERVING ON THIS COMMISSION OR BOARD:

My journey with the City Council began in Kindergarten when I participated in the Environmental Council's annual calendar contest, where I was honored to be a three-time winner. This experience provided me with my first exposure to council meetings and the governance process. It was at this time that I developed an interest in my local government and desire to contribute to my community.

Since then, my involvement with the Mayor's Youth Council's environmental sub-committee has further enriched my understanding of governmental decision-making and policy implementation. Through this experience, I have learned firsthand the importance of collaboration, advocacy, and civic responsibility in effecting positive change.

I am eager to expand my knowledge and deepen my involvement by serving on a student commission. My experiences thus far have instilled in me a sense of duty and commitment to making a difference in my community. I believe that my background and dedication make me well-suited to contribute effectively to another committee and to continue learning and growing as a responsible citizen and future leader

**PLEASE GIVE A BRIEF STATEMENT AS TO WHY YOU ARE INTERESTED IN SERVING ON THIS COMMISSION OR BOARD:**

I would like to contribute to the environmental commission and the mayors youth council by representing the voice of the cities youth as a sophomore in Calabasas High school and member of highschool clubs I am closely connected to the teenagers while my two younger siblings often provide me with perspectives from elementary and middle school children.

My other goals while in the commission or council would be to learn and experience. As a sophomore in highschool, I am trying to expose myself to different areas where I can imagine myself in the future. Serving a government is an intriguing idea, and learning from highly reputable members of our community such as David Cohen would be an amazing experience. Working in a government body aligns with many of my interests as a member of the Model UN team at my school, where we compete as members of the United Nations to discuss real world conflicts. Most importantly, working with the Calabasas City Council Environmental Commission would

EDUCATION:

**Currently, I am a sophomore (10th grade) at Calabasas High School.**

**CIVIC AFFILIATIONS:**

I have contributed to betterment of my community through two main organizations. First, I have tutored students from kindergarten all the way to 12th grade via zoom. I have also volunteered numerous times at the Calabasas Senior Center. During these times, I would help seniors with technology related issues and answer any technology related questions. In total, from both affiliations, I have spent around 100+ hours bettering my community.

**COMMUNITY INTERESTS:**

I take deep interest in contributing to maintaining a sustainable environment within my community. Whether it is addressing pollution, promoting recycling, or promoting coexistence with wildlife, etc. I strive to make a positive impact on the environment of my community. For example, with my organization, P-22 Wildlife Awareness, I have hosted assemblies at multiple schools where I presented the touching story of the mountain lion, P-22, the importance of the Wallis Annenberg Wildlife Crossing, and the steps to coexist with wildlife and conserve the environment.

7) Vice President and Co-Founder of Students Opposing Speciation Club (SOS) under the PETA organization.

PLEASE GIVE A BRIEF STATEMENT AS TO WHY YOU ARE INTERESTED IN SERVING ON THIS COMMISSION OR BOARD:

I am interested in serving on this commission because I want to dedicate my life to environmental reform and pursue a career in environmental policymaking. This includes creating a sustainable planet that future citizens can thrive on. I am motivated to improve my community by collaborating with my peers and other like-minded environmentally conscious citizens to help continue making Calabasas sustainable. I am particularly interested in expanding environmental reform opportunities for high school students. The following are some examples of my current and future environmentally-focused activities:
1) As an intern with Helina Nette, the Santa Monica Bay Watershed Coordinator, we mapped the obstacles of endangered trout that prevent them from swimming upstream in the Malibu Creek. We are currently advocating for a \$200,000 grant through the Safe Clean Water Program.
2) I am partnering with the Director of Education for Environmental Justice, and Tribal Relations at CalEPA to establish the California Environmental Youth Advisory Council (CEYAC), which will be dedicated to giving high school students like myself the opportunity to participate in environmental reform opportunities.
3) As a member of the Calabasas High School Model United Nations Junior Travel team for the second year in a row, I have spent over 100 hours in committee debating and proposing policies with other delegates on topics like climate change and other environmental issues that impact countries around the world. I attended 9 conferences and won 7 awards.
4) I was hired as a student worker at LUNED this summer, where I will work in the customer service department helping customers understand their water usage.
5) I currently have an internship at UCSB where we are working on creating a database to educate the public on understanding how chemicals and pollutants impact the aging process.
To increase my leadership capability, I have had the amazing opportunity to participate in two organizations offered to students in the LUNED district.
1) I participated on the George/Lee Virginia Payne Foundation Youth Leadership Academy, where we attended meetings with leaders in our community to learn about how to become a leader and completed a year-long project showcasing what we learned about leading others.
2) By serving a second term as Dr. Deb Stepanusky's Superintendent's Youth Council, I have been part of a council of 10 students throughout LUNED to understand and help resolve some of the issues affecting students in our district.
Joining the Calabasas Environment Commission is my lifelong dream. Now that, I have more experience since I last applied last year, I am confident that I possess the skill set needed to support the commission with championing environmental reform throughout our great City of Calabasas and ensure the vision of this Commission is realized.
