

ORDINANCE NO.

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CALABASAS, CALIFORNIA AMENDING SECTION 17.30.050 (SIGN PERMITS), SECTION 17.30.080 (ON-SITE SIGN REGULATIONS), AND A PORTION OF SUBSECTION (S) OF SECTION 17.90.020 (DEFINITIONS OF SPECIALIZED TERMS AND PHRASES) AND ADDING A NEW SECTION 17.30.065 (DIGITAL KIOSKS) TO TITLE 17 (LAND USE AND DEVELOPMENT) OF THE CALABASAS MUNICIPAL CODE.

WHEREAS, the City Council of the City of Calabasas, California (“the City Council”) has considered all of the evidence including, but not limited to, the Planning Commission Resolution No. ____, Planning Division staff report and attachments, and public testimony before making a final decision on _____ (date); and,

WHEREAS the City’s sign policies of Title 17 of the Calabasas Municipal Code are intended to balance the public interest-in promoting a safe, well-maintained and attractive city, with the interests of businesses and organizations in ensuring the ability to identify products, services and ideas; and,

WHEREAS, the City Council finds that the proposed Land Use and Development Code Amendments, allowing digital kiosks at commercial shopping centers with five or more retail tenants and with at least 30,000 square feet of gross building area on properties located in the Commercial Retail (CR) or Commercial Mixed-Use (CMU) zoning districts, is consistent with the goals, policies, and actions of the Calabasas 2030 General Plan and will not conflict with the General Plan – as the added digital kiosks will provide information to the public regarding fire, earthquake, storm, and other public safety warnings and information, emergency updates, improving navigation solutions for a range of modalities of travel; guiding residents and visitors to destinations, retailers, restaurants, hotels, parks, facilities, services and other businesses and attractions; promoting diverse mobility solutions (walking, bicycling, use of mass transit and other non-vehicular modes of transportation); and enable additional resources, including cameras, for public safety; and,

WHEREAS, the City Council finds that the Land Use and Development Code Amendment will not be detrimental to the public interest, health, safety, convenience, or welfare of the City as the added digital kiosks will not be freeway

or street-visible billboards, thus not contributing to visual blight, will promote public safety by including additional security cameras and providing public safety information to the community; and will not adversely affect the safety of vehicular traffic on the City's streets,

WHEREAS, the Land Use and Development Code Amendments are in compliance with the provisions of the California Environmental Quality Act (CEQA) because the project is exempt from environmental review in accordance with Section 21084 of the California Environmental Quality Act (CEQA), and Sections 15061(B)(3), 15301, and 15303 of the CEQA Guidelines, Title 14 of the California Code of Regulations, as additional, interior, pedestrian level signage inside larger commercial shopping centers; and,

WHEREAS, the Land Use and Development Code Amendment reflects the input of residents, stakeholders, and public officials, and implements the visions and desires for the community as documented within the Calabasas 2030 General Plan, is adopted in the public interest, and is otherwise consistent with federal and state law; and,

WHEREAS, the Planning Commission held a properly noticed public hearing on _____ (date) and adopted Planning Commission Resolution No. _____ recommending approval of this Ordinance to the City Council; and

WHEREAS, the City Council has considered the entirety of the record, which includes, without limitation, the Calabasas 2030 General Plan; the staff report, public comments, and minutes from the meeting of the Planning Commission on _____; the staff report, public comments, and minutes from the City Council meetings of _____ and _____, and all associated reports and testimony.

THEREFORE, CITY COUNCIL OF THE CITY OF CALABASAS DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. Recitals. The Recitals above are true and correct and incorporated herein by this reference.

SECTION 2. Based upon the foregoing the City Council finds:

1. Notice of the _____ (date) City Council public hearing was posted at Juan de Anza Bautista Park, the Calabasas Tennis and Swim Center, Gelson's Market and at Calabasas City Hall.
2. Notice of the _____ (date) City Council public hearing was published in

the *Acorn* ten (10) days prior to the hearings.

3. Following a public hearing held on _____ (date) , the Planning Commission adopted Planning Commission Resolution No. _____ recommending to the City Council approval of Ordinance No. _____.

SECTION 3. In view of all of the evidence and based on the foregoing findings, the City Council concludes as follows:

FINDINGS

Section 17.76.040 of the Calabasas Municipal Code allows the City Council to approve the proposed text amendment, by making the following findings:

1. The proposed amendment is consistent with the goals, policies, and actions of the General Plan.

The text amendments to Chapter 17.30.060, 17.30.080, and 17.90.020 allow digital kiosks for commercial shopping centers which supports the fiscal management of the general plan because the kiosk would accomplish the general plan objective of maintaining a stable stream of municipal income that is adequate to provide the level of municipal services desired by Calabasas residents and businesses. It also supports the safety element of the general plan due to the embedded security cameras real-time communication with City and law enforcement. The technological infrastructure of the general plan, policy XII-38, encourages technology service providers to creatively integrate technology facilities into the interior, pedestrian-scale natural and built environment to minimize the total number of such facilities and associated aesthetic impacts. The proposed digital kiosks will not contribute to visual blight because they will be pedestrian-scale, located in the interior of larger commercial shopping centers, and thus will not function as freeway or street-visible billboards and will not adversely traffic safety.

2. The proposed amendment would not be detrimental to the public interest, health, safety, convenience, or welfare of the City.

The proposed Development Code amendment is in the public interest and reflects the input of residents, decision-makers, and other stakeholders in the community. The proposed text amendments would not reduce or compromise existing standards that protect the health, safety or general welfare of the City because the kiosk setback standards of at least 25 feet from all street-side property lines will apply. Furthermore, the proposed text amendments will better meet the interests of Calabasas through the kiosks' integration of security camera

surveillance footage in the City and law enforcement systems, which provides footage to the Los Angeles County Sheriff Department's Real-Time Crime Center. These amendments also meet the current standards of the Land Use and Development Code; as such, the text amendments will improve the functionality of the Development Code to better protect the public interest, health, safety or general welfare of the City. As such, the proposed ordinance meets this finding.

3. The proposed amendment is in compliance with the provisions of the California Environmental Quality Act (CEQA).

The City Council has considered all the evidence in the record, including the staff reports, the testimony received during the public hearing on the matter held by the City Council, and hereby determines that this Ordinance is exempt from environmental review in accordance with Section 21084 of the California Environmental Quality Act (CEQA), and Sections 15061(B)(3), 15301, and 15303 of the CEQA Guidelines, Title 14 of the California Code of Regulations, as additional, interior, pedestrian level signage inside larger commercial shopping centers.

4. The proposed amendment is internally consistent with other applicable provisions of the Development Code.

The Development Code Amendment has been written to be internally consistent with all applicable provisions of the Land Use and Development Code, such as Calabasas Municipal Section (CMC) 17.11.010 (Permitted Land Uses), and will improve internal consistency within the Development Code and with other titles of the Calabasas Municipal Code. Based on the foregoing evidence, this project meets this finding.

SECTION 4. Code Amendment. Section 17.30.050 (Sign Permits) of Title 17 (Land Use and Development) of the Calabasas Municipal Code is amended to read as follows, with additions marked by underlined text and deletions marked by ~~struck-through text~~.

Section 17.30.050 Sign permits and program required.

A. Sign Permit. Signs shall only be constructed, displayed or altered with sign permit approval by the review authority.

1. Application Filing. Sign permit applications shall be filed on the forms provided by the department and shall include all information required therein. Sign permit application shall also be accompanied by the required filing fee. A nighttime photo simulation shall be included in all sign applications requesting freeway facing monument signs.

2. Review and Decision. A sign permit shall be approved or disapproved by the director or commission in compliance with subsection (F) of this section. The decision of the director is appealable to the commission and decisions by the commission are appealable to the council pursuant to Chapter 17.74.

- B. Sign Program. A sign program shall be required for all new shopping centers with five or more tenants or remodels of existing shopping centers with five or more tenants where new tenant spaces are created or changes are proposed to the exterior of the building. A program shall also be required as deemed necessary by the director to ensure compliance with the provisions of this chapter. A digital kiosk is allowed at commercial shopping centers, notwithstanding any requirements of an approved sign program, but only if compliant with the requirements for digital kiosks in this code.

A sign program shall consist of a description, including dimensions, materials, locations, and illustration of all signs proposed on the site. The sign program shall have a unifying design theme or style, as approved by the director. A separate sign permit shall be required for all signs constructed pursuant to an approved sign program.

The purpose of a sign program is to integrate a project's signs into the architectural design of a subject site and to ensure visibility of all signs. A sign program also enables the city to ensure high quality in the design and display of multiple permanent signs and to encourage creativity and excellence in sign design.

- C. Approval Authority. A sign program shall be subject to commission approval. The director may approve minor revisions to a sign program if the intent of the original approval is not affected. Revisions that would substantially deviate from the original approval shall require the approval of a new sign program.
- D. If a shopping center has an approved sign program prior to the adoption of an amendment to this chapter it shall conform to the provisions of that approved sign program and not the amendment.
- E. Modifications to On-Site Sign Regulations (Section 17.30.080). In order to provide for flexibility in sign design, the commission and/or director shall have the authority to approve a sign modification for any new or existing business to allow modifications to sign area, height, and location. The commission shall have the authority to modify the sign area and height (from the ground) of a sign by no more than fifteen (15) percent. The director shall have the authority to modify the sign area and height (from the ground) of a sign by no more than five percent.

The review authority shall consider the following when it determines whether to grant a modification: sign visibility, compliance with design criteria, distance from intended audience, and relative size of the sign to existing signs. A modification shall not be based on the content of a sign.

- F. Findings for Approval. The director and/or the commission may approve or modify a sign permit, sign program or modification application in whole or in part, with or without conditions, only if the following findings are made:
1. The proposed sign is permitted within the zoning district including any overlay zone and, except as provided in subsection (D) of this section, complies with all applicable provisions of this chapter, and any other applicable standards.
 2. The sign is in compliance with Section 17.30.060.

SECTION 5. Code Amendment. A new Section 17.30.065 (Digital Kiosks) is added to Title 17 (Land Use and Development) of the Calabasas Municipal Code to read as follows, with additions marked by underlined text and deletions marked by ~~struck-through text~~.

Section 17.30.065 Digital Kiosks.

A. Applicability. Notwithstanding any other requirement of this Code, digital kiosk signs are permitted at commercial shopping centers with five or more retail tenants and with at least 30,000 square feet of gross building area on properties located in the Commercial Retail (CR) or Commercial Mixed-Use (CMU) zoning districts, if in compliance with this section, all other applicable Code requirements, and approved by the Director.

B. General Standards.

1. The maximum number of digital kiosk signs shall not exceed one digital kiosk sign per 12,000 square feet of gross building area (i.e., 40,000 sq. ft. of building area could accommodate up to three kiosks).

2. Digital kiosk signs shall not exceed twelve (12) feet in overall height and six (6) feet in width.

3. Each digital kiosk sign shall be located on private property, and shall be:

i. Setback at least 25 feet from all street-side property lines;

ii. Located in interior portions of the property, with orientation toward pedestrian walkways along and proximate to storefronts of the shopping center, not to the street;

iii. Spaced no less than 100 feet apart, as measured along the linear frontage of the buildings (straight-line distance across parking lots is not to be applied); and,

iv. Located in a manner that allows for adequate disabled access around the entire kiosk area, and such that no emergency exit or egress is impeded.

4. Digital kiosk signs shall not have projecting or protruding elements.

5. Notwithstanding any other provision of this Code, digital kiosks may contain off-site signs, commercial messages, or any sign allowed by Section 17.30.030. Digital kiosks shall not be visible from any state highway. Digital kiosks shall not contain any text legible from any public street.

C. Display Screens.

1. The aggregate area of all display screens shall not exceed 75% of the total vertical surface area of the kiosk. Each individual digital screen shall be framed by other elements of the kiosk.

3. Audio is not permitted.

4. The display screens shall operate no earlier than 7:00 a.m. and no later than 10:00 p.m.

5. Light intensity shall not be greater than three foot-candles above ambient lighting levels, as measured at the property lines. The Director may require a lighting study, field measurements or other satisfactory methods to verify compliance with this requirement.

D. Security Cameras Required. Each digital kiosk sign shall integrate security cameras that provide real-time and archived surveillance footage to the City and law enforcement. Each digital kiosk sign shall have at least two security cameras surveilling the immediate surrounding exterior, public area. Security cameras shall record 24 hours per day, shall retain archived footage for at least 30 days, and shall provide surveillance footage in real time to the City and law enforcement. The type, precise location, and other security characteristics of the security cameras shall be approved by the City, in consultation with the Los Angeles County Sheriffs' Department.

E. Sign Program Amendment Not Required. Digital kiosk signs shall be of high-quality design, and be generally compatible with the approved sign program for the shopping center. However, amendments to an existing sign program are not required for approval and placement of a digital kiosk sign.

F. Digital kiosk signs are exempt from Scenic Corridor permits, provided that the Director determines the digital kiosk sign will not be visible from the Scenic Corridor.

SECTION 6. Code Amendment. Section 17.30.080 (On-site Sign Regulations) of Title 17 (Land Use and Development) of the Calabasas Municipal Code is amended to read as follows, with additions marked by underlined text and deletions marked by ~~struck-through text~~.

Section 17.30.080 On-site sign regulations.

The signs described in this section may be allowed only on the same site as the use being advertised or identified unless otherwise noted.

A. Signs Allowed by Permit in All Zoning Districts. The following signs are allowed in all zoning districts, subject to the regulations in this chapter and issuance of a sign permit or other permit as specified below:

1. Directional Signs. Signs necessary for public convenience and safety, not exceeding four square feet in size or three feet in height, containing information including "entrance," "exit," or directional arrows designed to be viewed by on-site pedestrians or motorists.
2. Temporary Banners. One temporary banner not exceeding twenty (20) square feet in size shall be permitted for special events if authorized by a temporary use permit. A temporary banner shall be allowed one time for not more than two weeks per year. Banner signs within commercial centers provided for under an adopted sign program shall not be considered temporary banners. Balloons shall be permitted for special events in conjunction with temporary banners if authorized by a temporary use permit.

All temporary banners and balloons shall be constructed and mounted in such a manner that they shall not rip, shred, tear or blow away by exposure to normal weather conditions. These signs shall not be illuminated or posted on trees, fence posts or public utility poles, or located within any public right-of-way or on any publicly owned property and shall not be within the traffic safety visibility area required by Section 17.20.120(D).

B. Signs Allowed by Permit in Specific Zoning Districts. A permit shall be required for the installation of any sign within the zoning district listed in Tables 3-17 through 3-21. No permit shall be issued except for a sign in compliance with these tables.

Subject to sign program approval, decorative and other supportive architectural graphics, including company logos, are allowed in a commercial zoning district in addition to permitted building-mounted signs. The graphics shall be clearly secondary to the main sign in terms of their

size and the portion of wall area covered, and shall complement the building and main sign in color and style. The area of the graphics and any logo shall be counted as part of the total sign area allowed on the building.

1. Flag and Land Locked Commercial Lots. Subject to the limitations set forth in the following tables, one monument sign may be located in a private access easement adjacent to a public street to provide business identification and directional information for a parcel without street frontage when (i) a wall sign would not be easily seen from the public street; and (ii) there is sufficient area to accommodate a monument sign. The sign shall maintain an adequate separation from other monument signs in the vicinity and shall be placed to avoid undue concentration of monument signs as determined by the director.
2. Kiosks. Nondigital kiosk and digital kiosks are permitted with approvals as required by this Code.
 - A. Nondigital Kiosks shall be allowed with the approval of a sign program subject to the following standards:
 - i. a- In multi-tenant projects of greater than twenty thousand (20,000) square feet with outdoor spaces of greater than one thousand (1,000) square feet.
 - ii. b- Located in a manner that allows for proper handicap access around the entire kiosk area.
 - iii. c- Maximum height shall not exceed eight feet.
 - iv. d- Maximum area of each kiosk shall not exceed forty (40) square feet.
 - v. e- Maximum number shall not exceed one for every twenty thousand (20,000) square feet of building area.
 - vi. f- The sign area shall be in addition to the sign area allowed in the tables below.
 - vii. g- Signs located in the kiosk shall only advertise businesses or services offered by the businesses located within the shopping center. No off-site advertising is allowed. Noncommercial sign copy is allowed wherever commercial signage is permitted.
 - B. Digital Kiosks. Digital Kiosks are permitted with a sign permit approved in compliance with the requirements of section 17.30.065. Notwithstanding any provision of an approved sign program, a digital kiosk is allowed if approved by a signed permit by the Director in compliance with the requirements of section 17.30.065 and all other applicable requirements of this Code.
3. Calabasas Road District. Monument signs shall be permitted along both sides of Calabasas Road from the east side of Mureau Road to the west side of Parkway Calabasas ("Calabasas Road district"). The maximum height of a monument sign in the Calabasas Road district shall be twenty

(20)) feet in height with the sign area not to exceed one hundred (100) square feet. Notwithstanding the forgoing, the council, following review and consideration from the commission, may grant an exception allowing a monument sign up to twenty-five (25) feet in height and up to one hundred fifty (150) square feet in sign area, upon finding that increased height or sign area is necessary to allow the applicant visibility comparable to that enjoyed by a substantial number of other properties in the Calabasas Road district. A property which contains a nonconforming pole sign(s) shall not be authorized to construct a monument sign under this paragraph unless the applicant agrees to abate the pole sign(s) as a condition of this approval.

1. Signs permitted in RS, RM, RR, RC, and HM (Residential Single Family, Residential Multi-Family, Rural Residential, Rural Community and Hillside Mountainous) Zones

Table 3-17 Permitted Signs in RS, RM, RR, RC, and HM Zoning Districts							
Sign Type	Sign Class	Maximum Number	Maximum Sign Area	Maximum Sign Height	Location Requirements	Lighting Allowed?	Additional Requirements
Wall or monument	Single-family neighborhood identification and Multifamily or mobile home park identification	1 of each sign type per street frontage	5 sq. ft. per acre, not to exceed 30 sq. ft. per sign	8 ft. monument	10 ft. minimum front setback, 5 ft. side setback	Yes	Copy limited to name and address of project.
	Institutional	1 of each sign type per street frontage	5 sq. ft. per acre, not to exceed 20 sq. ft. per sign	8 ft. monument	10 ft. minimum front setback, 5 ft. side setback	Yes	Name of institution and illuminated Directory only. Religious and educational facilities may have marquee sign consistent with monument sign requirements.

Note: Maximum sign area includes all monument and building mounted signs. All lighting must comply with the Lighting Ordinance.

2. Signs permitted in CL, CR, CMU, CO, CB (Commercial-Limited, Commercial-Retail, Commercial-Mixed Use, Commercial-Office and Commercial-Business Park) Zones:

Table 3-18 Permitted Signs in CL, CR, CMU, CO, and CB Zoning Districts							

Sign Type	Sign Class	Maximum Number	Maximum Sign Area	Maximum Sign Height	Location Requirements	Lighting Allowed	Additional Requirements
Monument	Commercial center/complex	1 per center or complex 2 for each center/complex with 2 access driveways and a minimum separation between signs of 150 ft.	100 sq. ft. per face, 2 faces max. Sign copy limited to 50 sq. ft. with remaining square footage devoted to architectural support and design. 150 sq. ft. max. in Calabasas Road district only, and only with approval of the council, per Section 17.30.080(B)(3)	10 ft., except that 20 ft. maximum is permitted in Calabasas Road district only and up to 25 ft. with council approval, per Section 17.30.080(B)(3)	Must be in landscaped area generally equal the area of the sign. Must not block views at corners and driveways.	Interior or exterior. All lighting shall comply with Lighting Ordinance.	Allowed to advertise the name of the center or complex and one major tenant. Multitenant signs may be allowed with an approved Sign Program. Consideration shall be given to the placement and compatibility with adjoining properties and signs.
	Single purpose building	1 per building 2 for each single purpose bldg. with 2 access driveways and a minimum separation between signs of 300 ft.		10 ft., except that 20 ft. maximum is permitted in Calabasas Road district only	Must be in landscaped area generally equal the area of the sign. Must not block views at corners and	Interior or exterior. All lighting shall comply with Lighting Ordinance	Allowed to advertise the name of the center or complex and one major tenant. Multitenant signs may be allowed with

					driveways.		an approved Sign Program. Consideration shall be given to the placement and compatibility with adjoining properties and signs.
Building Mounted	Commercial office or business park	1 per building	0.5 sq. ft. per linear foot of store front; 15 sq. ft. minimum and 80 sq. ft. maximum per sign.	Shall not project above an eave or parapet, including the eaves of a mansard roof.	Centered on wall or canopy over store front and proportional to building mass.	Interior or exterior. All lighting shall comply with Lighting Ordinance.	Letters to be individually mounted on the building. Sign area may not be accumulated on one lineal dimension of the building & shall not exceed the allowed area on any one dimension of the building. Businesses that sublease a minimum of 100 square feet within a major tenant

							located in a shopping center shall be allowed a 15 square foot sign.
Building Mounted	Retail - Tenant Identification	1 per street frontage or 1 for each occupancy for multitenant building. 1 additional for each tenant space that faces on more than 1 street. Max. 2 signs per business	0.5 sq. ft. per linear Shall not project foot of store front; 15 sq. ft. minimum and 80 sq. ft. maximum per sign.	Shall not project above an eave or parapet, including the eaves of a mansard roof.	Centered on wall or canopy over store front and proportional to building mass.	Interior or exterior. All lighting shall comply with Lighting Ordinance.	Letters to be individually mounted on the building. Sign area may not be accumulated on one lineal dimension of the building & shall not exceed the allowed area on any one dimension of the building. Businesses that sublease a minimum of 100 square feet within a major tenant located in a shopping center shall be allowed a 15 square foot sign.

Building Mounted	Retail - Tenant Identification	1 additional sign allowed for secondary main public entrance located on the side of a building adjacent to public parking. Max. 2 signs per business	1/2 the total signage allowed on the front may be located on the side entrance				Letters to be individually mounted on the building
Building Mounted, Freeway Facing	Commercial office, retail or business park	1 per single purpose building or 1 per commercial center or complex 1 additional for bldgs. Over 50,000 sq. ft. for a 2 nd tenant with at least 30% of floor area	.5 sq. ft. per linear foot of building frontage with a maximum of 80 sq. ft. per sign	Shall not project above an eave or parapet, including the eaves of a mansard roof.	100 ft. separation between freeway facing signs an same building	Non-illuminated only	Sign copy limited to a single business name. Sign design to be consistent with design of building and other signs on site. Shall be consistent with Scenic Corridor Ordinance.
Pedestrian	Commercial office, retail or business park	1 projecting sign per tenant	3 sq. ft. per face. 2 faces max.	Lower edge must be min. 8 ft. above finished grade.	Perpendicular to building wall. Must be centered under canopy or eave.	No	May not project into street. Sign shall appear to be architectural

							and integral part of bldg.
Window	Commercial office, retail or business park	1 per window	3 sq. ft.	None	None	No	Sign copy limited to business identification.

Note: A commercial center or complex is defined as where a project shares similar landscape features, common access ways, reciprocal parking or architectural features. Multitenant sites shall have Sign Program, per Section 17.30.050. In street corridors with adopted design guidelines or Master Plans, signage shall be consistent with adopted plans.

3. Signs permitted in the CT (Commercial-Old Town) Zone:

Table 3-19 Permitted Signs in CT Zoning District							
Sign Type	Sign Class	Maximum Number	Maximum Sign Area	Maximum Sign Height	Location Requirements	Lighting Allowed	Additional Requirements
Monument	Commercial center/complex	1 per center or complex 2 for each center/complex with 2 access driveways and a minimum separation between signs of 300 ft.	100 sq. ft. per face, 2 faces max. DRAFT

SECTION 7. Code Amendment. Section 17.90.020 (Definitions of specialized terms and phrases) of Title 17 (Land Use and Development) of the Calabasas Municipal Code is amended to modify the definition of "Sign" in subsection 17.90.020(S) to read as follows, with additions marked by underlined text and deletions marked by ~~struck through text~~.

Section 17.90.020(S) – Subsection ("Sign")

"Sign" means any visual device or representation (written or pictorial) used to convey information, or to identify, announce, or otherwise direct attention to a premise, product, service, person, organization, business or event, and placed on, suspended from, or in any way attached to, any structure, vehicle or landscape feature. The following are definitions related to signs:

1. "Abandoned sign" means a sign that identifies a business, lessor, owner, product, service, or activity which has been discontinued on the premises for a period of ninety (90) days or more.
2. "Address sign" means the numeric reference of a structure or use to a street, included as part of a wall or monument sign.
3. "Animated or moving sign" means any sign which uses movement, lighting or special materials to depict action or create a special effect or scene.
4. "Awning or canopy sign" means a sign located on a roof-like cover that projects from the wall of a building for the purpose of shielding a doorway or window from the elements.
5. "Balloon" means an object made of an airtight material, no greater than eighteen (18) inches in diameter at its widest point, filled with air or gas and used as a sign.
6. "Banner" means a strip of cloth, thin plastic or other flexible material on which a sign is painted, printed, or otherwise displayed.
7. "Bench sign" means copy painted on any portion of a bus stop bench.
8. "Billboard or off-site sign" means a sign structure advertising an establishment, merchandise, service, or entertainment, which is not sold, produced, manufactured or furnished at the property on which the sign is located.
9. "Building-mounted or wall sign" means a sign painted on or fastened to a building wall, and which does not project more than twelve (12) inches from the wall.

10. "Cabinet sign" or "can sign" means a sign that contains all the text and/or logo symbols within a single enclosed cabinet and may or may not be illuminated.
11. Canopy sign. See "Awning sign."
12. "Channel letters" means three-dimensional individually cut letters or figures, illuminated or non-illuminated, affixed to a structure.
13. "Civic event sign" means a temporary sign, other than a commercial sign, posted to advertise a civic event sponsored by a public agency, school, church, civic-fraternal organization, or similar noncommercial organization.
14. "Commercial copy or commercial message" means a message displayed on a sign which pertains primarily to the name, location, products or proposed economic transactions of any services or activities carried on for profit or gain.
15. "Construction sign" means a temporary sign erected on the parcel on which construction is taking place, limited to the duration of the construction, indicating the names of the architects, engineers, landscape architects, contractors or similar artisans, and the owner, financial supporters, sponsors, and similar individuals or firms having a major role or interest with respect to the structure or project.
16. "Decorative graphics" means any graphic symbol, logo, monogram, words treated as a graphic image or other symbolic device that identifies the specific business, products or services offered on the premises, or which relates to the contents of the building-mounted sign.
17. "Directional sign" means an on-site sign which is designed and erected solely for the purposes of directing vehicular and/or pedestrian traffic within a project.
18. "Directory sign" means a sign for listing the tenants or occupants and their suite numbers of a structure or center.
19. "Double-faced sign" means a single structure monument sign located perpendicular to the street.
20. "Flag" means the official flag of a government, religious group or other organization.
21. "Flashing sign" means a sign that contains an intermittent or sequential flashing light source.
22. "Freestanding sign" means a sign which is erected or mounted on its own self-supporting permanent structure or base detached from any supporting elements of a building.

23. "Freeway facing sign" means a building mounted sign that is located (a) on a site that directly abuts the 101 Freeway and (b) is located on the one side of the building that is generally parallel to the freeway.
24. "Gateway sign" means two (2) monument signs flanking a private access driveway located off a public right-of-way and matching in size, design, and sign area.
25. "Illegal sign" means a sign that was not established or is not being maintained in compliance with the applicable provisions of the Los Angeles County Zoning Code or this chapter that applied to the sign at the time it was installed.
26. "Illuminated sign" means a sign with an artificial light source incorporated internally or externally for the purpose of illuminating the sign.
27. "Inflatable sign" means an object made of an airtight material, generally greater than eighteen (18) inches in diameter at its widest point, filled with air or gas to form a three-dimensional shape and used as a sign.
28. "Institutional sign" means a sign identifying the premises of a church, school, hospital, rest home, or similar institutional facility.
29. "Kiosk" means a free standing structure erected on a foundation and designed to provide advertising space for a group of buildings in a shopping center addressing a pedestrian audience. "Nondigital Kiosk" shall mean a kiosk without any moving pictures or digital displays. "Digital Kiosk" is a kiosk which, in addition to exhibiting the standard characteristics of a kiosk, incorporates one or more digital display screens to convey information visually to passers-by.
30. "Logo sign" means an established trademark identifying the use of a structure.
31. "Marquee sign" means a sign designed to have changeable copy. Marquee signs may be a freestanding sign or a wall sign.
32. "Menu board" means a permanently mounted sign displaying the bill of fare for a drive-through restaurant.

SECTION 8. Severability. If any sections, subsections, subdivisions, paragraph, sentence, clause or phrase of this Ordinance or any part hereof or exhibit hereto is for any reason held to be invalid, such invalidity shall not affect the validity of the remaining portions of this Ordinance or any part thereof or exhibit thereto. The City Council hereby declares that it would have passed each

section, subsection, subdivision, paragraph, sentence, clause or phrase hereof, irrespective of the fact that anyone or more sections, subsections, subdivisions, paragraph, sentences, clauses or phrases be declared invalid.

SECTION 9. Publication. The City Clerk shall cause this Ordinance to be published or posted in accordance with California Government Code Section 36933. She shall certify to the adoption of this Ordinance and the certification, together with proof of the publication, will be entered in the book of Ordinances of the City Council.

SECTION 10. Effective Date. This Ordinance shall take effect thirty days after its adoption pursuant to California Government Code Section 36937.

PASSED, APPROVED AND ADOPTED this ____th day of ___, 2024.

Alicia Weintraub, Mayor
