PLEASE GIVE A BRIEF STATEMENT AS TO WHY YOU ARE INTERESTED IN SERVING ON THIS COMMISSION OR BOARD:

My journey with the City Council began in Kindergarten when I participated in the Environmental Council's annual calendar contest, where I was honored to be a three-time winner. This experience provided me with my first exposure to council meetings and the governance process. It was at this time that I developed an interest in my local government and desire to contribute to my community.

Since then, my involvement with the Mayor's Youth Council's environmental sub-committee has further enriched my understanding of governmental decision-making and policy implementation. Through this experience, I have learned firsthand the importance of collaboration, advocacy, and civic responsibility in effecting positive change.

I am eager to expand my knowledge and deepen my involvement by serving on a student commission. My experiences thus far have instilled in me a sense of duty and commitment to making a difference in my community. I believe that my background and dedication make me well-suited to contribute effectively to another committee and to continue learning and growing as a responsible citizen and future leader
